b) Approving stand layout

You must send your stand plans for approval **by 31 July 2024 at the latest** to

DECOPLUS

Tel.: +33 (0)9 67 78 93 85

Email: sialarchi@free.fr

c) Technical orders (electricity, water, etc.)

Fluids and energy are supplied from under the building's flooring to the outlet you will have indicated for your stand.

That is why you must have your technical orders approved as early as possible and hand in your layout, which is vital for positioning your outlets.

Orders and layouts: before 26 September 2024.

After this date, all orders will undergo a feasibility analysis.

HALL 5C HANDBOOK

3) Technical services

The online shop of your exhibitor space (<https://event.sialparis.com/2024/en>) will be available in early May. From then on, you will be able to make your technical orders.

a) Energy (supply, distribution)

The electrical services available are the same as in other halls.

b) Fluids (water, compressed air, etc.)

This type of service depends on where your stand is located in the hall.

c) Slings

Slings are prohibited due to the building's structure.

All structures, including signage, must be freestanding.

Our partner Versant can offer you technical solutions.

4) Stand design regulations

ATTENTION: Hall 5c has free height restrictions of 3, 4 or 5 m depending on the location.
 The plane and elevation below illustrate the areas involved.
 So please refer to it when designing your projects, as well as to the architecture regulations.

In any event, before construction, all stand plans must be submitted to the SIAL's Stand Design office which will issue an authorisation, or otherwise, for construction on site. Any plans that do not respect the rules will be rejected and any stand constructed without authorisation from the Stand Design office may be dismantled at the exhibitor's expense.

No agreements made between exhibitors will be authorised. Only the organiser or DECOPLUS are authorised to make exceptions upon written request.

HALL 5C HANDBOOK

STAND HEIGHT, CLEARANCE AND OPENINGS ONTO AISLES

Stand constructions must take into account the following height and clearance limits:

Construction heights

- Maximum authorised height of shared partitions is 2.5m from the building floor.
- Maximum construction height of 5m from the building floor – 3m for peripheral stands.

No agreements between neighbouring stands will be accepted.

Aisle openings

Stand facades opening onto aisles must have a minimum of one opening of 2.5m for every 6 linear metres. The opening must equate to at least half of the length of the facade. The 2.5m opening must be free of all obstacles: plants, windows or any other object are prohibited.

Clearance limits

Stand constructions must take the following clearance limits into account:

Clearances from aisles and neighbouring stands:

- Elements with a height of 0 - 1.8m: no clearance required
- Elements with a height of 1.8 – 2.5m: clearance of 0.5m. Shared partitions must be 2.5m tall maximum, starting 0.5m from the edge of the aisle.
- Elements with a height of 2.5 – 5m: clearance of 1m from neighbouring stands and aisles

IMPORTANT Mezzanines are prohibited in Hall 5c

SIGNAGE

Harmony frames

By signage structure, the organisers mean an openwork superstructure which may consist of the illuminated name or logo of the exhibitor.

Height is limited to 5m. Signage must be situated between 2.5m and 5m and respect clearance limits.

Freestanding structures must have a clearance of 1m from neighbouring stands and walkways.

IMPORTANT Slings and hangings hung from the building structure are prohibited in Hall 5c

HALL 5C HANDBOOK

5) Cooking and heating appliances

If you plan to use cooking equipment such as electric or induction hobs, ovens, grills and bain-maries, you must return the “Kitchen Declaration” form available in your Exhibitor Area at the earliest opportunity **before September 18th**.

IMPORTANT The accumulated power of your cooking and heating appliances must be below **20kW**. This does not include equipment such as fridges, microwaves, coffee machines, dishwashers, kettles and water fountains.

IMPORTANT It is expressly forbidden to use gas

IMPORTANT: food-trucks are forbidden inside hall 5C as in all the halls of the Exhibition Centre.

We need this information so that we can get an overall idea all exhibitor requirements and equipment and ask the safety commission for exemptions from current regulations.
